

Junior School Academic Awards

In 2012 we are challenging all our students to set goals and to strive to do their very best in all areas of learning. In the Junior School we are concentrating on the 5 Ps of:

1. **Paying attention** – listen and focussing on the lessons
2. **Participating** – join in activities and contributing to discussions
3. **Persisting** – keep on trying, even when tasks are challenging
4. **Planning** – organise ourselves, our time and our belongings
5. **Polishing** – check our work and using our neatest presentation.

For the past two weeks we have been concentrating on PERSISTING in lessons. Congratulations to the following students who have won PERSISTENCE awards this fortnight.
